

# LBH Weighing Scale

LBH scales offer quick and simple weighing, with a low profile and compact design. Simple 6 key operation with colour coded keys for fast and easy operation.

High resolution weighing, parts counting, percentage weighing and checkweighing features with multiple weighing units make the LBH series of scales a versatile product range.

Adam Equipment has been manufacturing balances and scales for over 35 years, providing professionals worldwide with quality products that are always the right balance of speed, performance, value.

**THE RIGHT BALANCE**  
Speed, Performance, Value

## LBH Highlights:

The large backlit display is easy to read and clearly shows weight and weighing units that are being used.

Generous stainless steel pan is removable for easy cleaning.

Built in rechargeable battery allows the LBH to be used anywhere without the need for external power sources. With auto power off to save battery life the LBH delivers up to 90 hours of operation before needing to be recharged.

The LBH offers a capacity tracker to show capacity usage as well as the weight or count. The capacity tracker helps prevent users from exceeding the scale's capacity.
