

TECHNICAL DATA

External resolution.....1/30,000 (QHW)
1/60,000 (QHWplus)
Display.....24mm digit high LCD,
attached green color
EL backlight
Pan size.....230mm x 300mm
Keyboard.....7 keys embossed
membrane keyboard
Operate temp.....0 ~ +40
ADC.....sigma delta
ADC update.....1/10 second
Internal counts.....600,000
Rating.....AC220V/110V
Internal rechargeable
battery (6V/4Ah)
Overload capacity.....150% of rated capacity
Tare range.....100% of capacity

FEATURES

- large LCD display
- AC / Rechargeable battery operation
- embossed membrane keyboard
- Programmable to meet your needs
- Counting and percentage
- Checkweighing function (user can set hi/low limit for weighing, counting and percentage)
- Auto backlight display
- Optional RS-232C communication port
- Optional dual channel port
